

To whom it may concern:

Is your staff equipped to handle unexpected security situations? Your church must have a solid plan of action in case unexpected visitors decide to visit you. We pray this never occurs however it's the unfortunate truth. There has been an increase in unforeseen violent circumstances across the nation. As of January 1, 2025, there have been 665 shootings in Chicago.

Here at Advanced Armored Training Academy **our goal is "to make the world a safer place in which to live"**. We've made it our mission to prepare churches on how to identify the signs and how to safely address them. As professionally trained security providers and veteran-owned business, we have personally experienced a variety of unfortunate scenarios. Fortunately, we were able to prevent many of them from escalating. What will you do in case of an emergency?

We are grateful for the opportunity to share our knowledge with your church. Our experiences have led us to create our proprietary **"6 Point Awareness Program"** that focuses on the internal & external safety and security of your church. Our program was created as a result of extensive research and planning. To expand our mission and help churches citywide we would love to meet with you and map out a plan of action so that your church is at less risk. Please give us a call at (312) 298-9004, visit our website at www.advancedarmored.com, or email us at support@advancedarmored.com.

Best Regards,

Michael Coates
